## Twenty Questions

NAME:

DATE:

A common convention is to use capital letters for major scale names and lower case letters for minor scale names, like C Major and c minor. If the question uses the term minor, assume natural minor. Unit 7 worksheets can be used for reference.

1. Relative major/minor scales have ( **a different** ) starting note and have ( **the same** ) pitch set.
2. Parallel major/minor scales have ( **the same** ) starting note and have ( **a different** ) pitch set.
3. What is the relative minor scale of D Major? **b minor** |
4. What is the relative major scale of f minor? **Ab Major** |
5. How many sharps/flats are in the relative scales Eb major/ c minor? **3 flats** |
6. What notes are in the upper tetrachord of E Major? **B C# D# E** |
7. How many sharps/flats are in the parallel scales of D Major / d minor? **D Major = 2 sharps, d minor = 1 flat** |
8. What is the relative minor scale of Bb Major? **G minor** |
9. What is the relative major scale of e minor? **G Major** |
10. How many sharps/flats are in the relative scales B major / g# minor? **5 Sharps** |
11. What notes are in the lower tetrachord of d natural minor, d harmonic minor, and d melodic minor? **D E F G** |
12. How many sharps/flats are in the relative scales of Db Major / bb minor? **5 Flats** |
13. What is the relative minor scale of C Major? **a minor** |
14. What is the relative major scale of c minor? **Eb Major** |
15. How many sharps/flats do the relative scales A major/ f# minor have? **3 Sharps** |
16. What notes are in the upper tetrachord of e harmonic minor? **B C D# E** |
17. How many sharps/flats are in the parallel scales of C Major / c minor? **C major = 0, C Minor = 3 flats** |
18. Name the two major scales that start on the black key between C and D. How many sharps/flats in each scale?  
**C# Major = 7 sharps, Db Major = 5 flats** |
19. Name the two major scales that start on the black key between F and G. How many sharps/flats in each scale?  
**F# Major = 6 sharps, Gb Major = 6 flats** |
20. Name the two major scales that start on the white key a half step below C. How many sharps/flats in each scale?  
**Cb Major = 7 flats, B Major = 5 sharps** |
