

Geology in the news	Story	
	1	2
SOURCE: appropriate, from week in question, gave reference		
STORY: showed map (when relevant, which it almost always is)		
explained the news story		
explained geo-behind-the-story		
DELIVERY: enough slides to convey ideas, explain slides		
done in a succinct manner (~3 minutes per story)		
poise (i.e. has likely practiced, few umms...etc.)		
TOTAL		

*if only one story (because big), then it really is better documented and explained
